

## PENRO COTABATO HOSTED THREE DAYS WORKSHOP ON VIDEO PRODUCTION & SCRIPT WRITING.

We now live in a day and age where technology is so accessible, that anyone can pick up a camera and call themselves a professional videographer or cameraman, but people who have the talent and readiness to discover fresh ideas can use affordable tools to apply their

vision. On August 17 to 19, 2016, PENRO Kidapawan hosted the three day workshop entitled “Workshop on Basic Video Production & Script Writing” at CDA building, Sandawa Kidapawan City. These workshop was the result of the special instruction of the Regional Director, per agreement in the latest management conference that all NGP sites should be taken Video Production material and documentation. The aim of the workshop was to bring the participants to be conversant with basic video editing and become proficient with script writing that will view the work more perceivable. The workshop had twenty four (24) participants represented by CENRO Matalam, CENRO Midsayap and PENRO Kidapawan.

The workshop began with a warm welcome address of CENR Officer Saga A. Akmad and followed by an inspirational message of PENR Officer Mamutur D. Cariga. After the inspirational message has been delivered, Mr. Allan C. Facurib of University of Southern Mindanao, as the resource speaker discussed the Elements of Communication including Scriptwriting, Introduction to Audio Recording/ Editing and Proper Camera Shooting. On the

second day, participants were split into three teams for this day's activities. Each team led a focus group discussion, and got together to consolidate necessary information by interrogating their key informant through their actual interviews.

On the final day of the workshop, the participants met again at the CDA Compound, to exhibit their final story on which the resource speaker will give his comments, findings and recommendations. The results of these practices will determine the participants of their potential to create a quality video production and scriptwriting as well.
